Barbecue Catering Menu

Being inspired by international cuisine and modern Australian style, Spare Chef can provide variety beyond any other catering service. Bringing restaurant quality food to you, your catering will become a talking point for your guests and create a memory for you that will last a life time.

BBQ catering is no exception at Spare Chef. We believe that if it's worth doing it's worth doing right, so even the humble BBQ can be tailored to anything from a backyard relaxing feast to a meal fit for a king.

We have developed a series of options from a DIY gourmet BBQ pack, to a fully catered BBQ event with private chef.
